

Please read the full [Privacy Notice](#) for Cork City Council's websites along with the information below, which is specific to this site.

### Website Analytics

Should you consent to the storage of analytics cookies on your device, an anonymised version of your IP address is recorded, along with your country of origin, device and operating system used, time and date of visit, type of referral site (not the specific url), and pages viewed. This information helps us to monitor traffic and improve how our website works for you. Cork City Council uses a GDPR compliant web analytics platform called Matomo. Our website analytics are never shared with any third parties.

If you choose not to accept the analytics cookie, your visit is still recorded using a [non-identifiable id](#). The visitor *config\_id* is a randomly seeded, privacy-enabled, time-limited hash of a limited set of the visitor's settings and attributes, which expires within 24 hours. However, the 'Do Not Track' instruction in your browser will be followed if you have it enabled and this record of your visit will not take place.
